

# ACCOUNTING

## ABOUT THIS DEGREE PROGRAM

### BUSINESS CORE

#### A FOUNDATION IN BUSINESS

This program features a series of essential Business Core courses to help build interdisciplinary skills critical to workplace success.

These courses introduce students to key disciplines that support business careers and cover concepts related to general business principles, including accounting, marketing, management and the analytic skills that inform business decision-making.

The Business Core coursework introduces students to contemporary workplace applications. In each course, the learning experience is enhanced through activities that help students apply the course material, while shaping future education and career choices.

#### A PROGRAM TO FUEL YOUR FUTURE

This program will prepare you for careers in accounting and covers essential topics every accountant must learn, including intermediate and advanced accounting, taxation, auditing, and information systems.

#### IS THIS PROGRAM FOR YOU?

Do you want to prepare and analyze financial statements, advise businesses on the impact of federal tax regulations and use managerial and cost accounting strategies to help businesses succeed? Then you may be interested in this program.
